

# FREE GATE Training for Administrators!

CALIFORNIA ASSOCIATION FOR THE GIFTED

## Back by Popular Demand

Wednesday, October 26

8:30-10:30 a.m.

Hobee's Restaurant (meeting room), downtown Los Gatos  
located at the intersection of Highway 9 and University Avenue

The California Association for the Gifted will offer a

## Breakfast Workshop

on meeting the needs of gifted & talented students for principals, assistant principals, superintendents, and district office administrators.

If you attend, you will receive a free guidebook for administrators (titled *The Leadership Challenge: A Guidebook for Administrators*) that will guide school leaders in meeting the basic requirements of the California recommended standards for gifted education.

CAG knows that most administrators have a wide range of responsibilities, and we offer this workshop to provide those who attend with a crystallized understanding of how school sites can best serve gifted and talented students in grades K-12. Participants will also leave with many ideas for how to run a high quality GATE program on a limited budget.

The workshop will be led by Steve Kahl, former Board member of the California Association for the Gifted. Steve coordinates the GATE program at Mountain View High School and has trained teachers in districts throughout the state and country in differentiated instruction methodology.

To reserve a space, please contact Lyn Olson at [lyn\\_olson@pvusd.net](mailto:lyn_olson@pvusd.net) with your name, position, school and/or district, e-mail address, and phone number. **Space is limited to thirty participants.**

*If you are among the first 5 administrators to register, your breakfast will be paid for by an anonymous local advocate of gifted education.*

All others will pay for their own meals.
